

# Slow Healin' Heart

[Patty Loveless](#)

When I left, I left walkin' wounded and made  
My escape from the rain, still a prisoner of hurt  
I had months worth the work  
Freein' my mind of the pain  
I had hours to sit alone in the dark  
Listenin' to sad songs and comin' apart  
Lord knows I made cryin' an art  
We give a slow healing heart  
Slow healing heart, dyin' to mend  
It's longing for love, lonely again  
When a spirit is broken and the memories start  
Nothing moves slower than a slow healing heart  
How I prayed for blind faith to lead me

To places where I'm not afraid  
Now, I'm doing fine, both in body and mind  
Some hurts take longer to fade  
There's a part of my feelings ever on guard  
Against looks that are tender, words that are hard  
I still remember those cutting remarks  
We give a slow healing heart  
A slow healing heart is dying to mend  
Longing for love, lonely again  
When the spirit is broken and the memories start  
Nothing moves slower than a slow healing heart  
Nothing moves slower than a slow healing heart
