

Darlene

Erase

Where do you go when you think about me?
What do I do when I think about you? Skyline, passion
City streets that I adore
Shadows by me grow
Rent collectors at my door You got your religion
I got my addictions
We got dirty dishes in the sink
Looking from the window
Kissing in the kitchen
Fall so hard that I don't have to think Darlene, this is where I want to be
Wrapped within your arms eternally
Falling deep under your spell
High upon the magic that you weave Mindless game shows
Flicking through the multi-screen
Twilight, time is slow
Fall so hard that I could scream You got your religion
I got my addictions
Fall so hard that I don't have to think Darlene, this is where I want to be
Wrapped within your arms eternally
Falling deep under your spell
High upon the magic that you weave All the things that I adore
Ones I've chosen to ignore
Rent collectors at my door
I can't take it anymore Where do you go when you think about me?
What do I do when I think about you? You got your religion
I got my addictions
We got dirty dishes in the sink Darlene, this is where I want to be
Wrapped within your arms eternally
Falling deep under your spell
High upon the magic that you weave Darlene, this is where I want to be
Wrapped within your arms eternally
Falling deep under your spell
High upon the magic that you weave High upon the magic
