

Back & Forth (Radio Edit) [feat. Elizabeth Rose]

The Aston Shuffle

You're no slow,
But I took your time, took my heart.
Why won't you show me what you want? What you got?
It's a long road, to be frank, I won't fade,
But something's pulling me away. You just come and go, just as you please.
No don't mind me, I've had enough,
To do with your incentives chasing my own tail and missing. Back and fourth, I'm at your door,
And I'm waiting, for something.
24/7 I'm out here begging,
Well I'm done,
I'm done. Back and fourth, you lead me on.
Am I crazy for waiting?
I can do better, baby,
I can see clear,
'Cause when I'm done,
Yeah I'm done. High times, highly rollin'.
Make your move, for the game.
Don't be shy to prove yourself to make another day.
It's a long shot,
I know we're not the same.
But still I think I wanna play. You just come and go, just as you please.
No don't mind me, I've had enough,
To do with your emotions.
Now I'm down the road to nowhere. Back and fourth, I'm at your door,
And I'm waiting, for something.
24/7 I'm out here begging,
Well I'm done,
I'm done. Back and fourth, you lead me on.
Am I crazy for waiting?
I can do better, baby,
I can see clear,
'Cause when I'm done,
Yeah I'm done. Back and fourth, I'm at your door,
And I'm waiting, for something.
24/7 I'm out here begging,
Well I'm done,
I'm done. Back and fourth, you lead me on.
Am I crazy for waiting?
I can do better, baby,

I can see clear,
'Cause when I'm done,
Yeah I'm done.
