

Be Here Now

Oasis

Wash your face in the morning sun
Flash your pan at the song that I'm singing
Touch down bass living on the run
Make no sweat at the hole that you're digging Wrap up cold when it's warm outside
Your shit jokes remind me of Diggy's
Be my magic carpet ride
Fly me down to capitol city in the sun Kicking up a storm from the day that I was born
Sing a song for me, one from let it be
Open up your eyes, get a grip on yourself inside So wash your face in the morning sun
Flash your pan at the song that I'm singing
Touch down bass living on the run
Make no sweat at the hole that you're digging Kicking up a storm from the day that I was born
Sing a song for me, one from let it be
Open up your eyes, get a grip on yourself inside, inside Yeah, a grip inside
Yeah, a grip inside
You betcha, you betcha So wrap up cold when it's warm outside
Please sit down, you make me feel giddy
Be my magic carpet ride
Fly me down to capitol city I've been kicking up a storm from the day that I was born
Sing a song for me, one from let it be
Open up your eyes get a grip on yourself inside Get a grip inside, get a grip inside
Get a grip inside, get a grip inside
You betcha Come on, come on, come on, come on
Come on, come on, come on
Yeah, yeah, yeah Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah Come on, come on, come on, come on
Come on, come on, come on
Yeah, yeah, yeah
