You're Glowing

The Elms

Never in my life have you ever let me down
Have I ever told you how Id like to leave this town?
Would you cover me if I said I was leaving tonight?
Its the time of my lifeIf youre down the tracks, Ill ride the train
If youre in the sky, Ill fly a plane
If my hope is gone and I could die
Ill let you be strong and be a rainbow glowing in my skyIf the snow is cold and it brings me to the ground
Would you pick me up and in, no matter whos around?
Would you laugh with me if I said Id rather cry?
Its the time of my life
