

Heat of the Moment (Remix)

After 7

There comes a time in every man's life
You're gonna do wrong
I made a mistake girl..Just let me..
Just let me explainI can't believe it
Although I did it
I've never been that kinda man
I must admit it
I wasn't with it
But you were the best I've ever hadRight now I'm going through some changes
I've always thought I was
A faithful kind of man
I never thought I would be tempted
Baby you licked my lips
And I said right now...right nowIn the heat of the moment
Baby I lost my head. Lost my mind
Didn't know what to do
In the heat of the moment
Baby I fell in lust with youNow that I've done it
Oh how I want it
But I've got to be a stronger man
I love my lady
Can't lose my baby
Cause if she knew
I'd lose everything I haveDon't want to go through no more changes
From now on I promise I will be a better man
But here you are again temptin'
Baby when you lick my lips. I said
Right now, right nowRepeat chorus 2xBaby Baby you've got to slow down
From now on I promise I will be a better man
Now...Now I know that you know
That we can't carry on like this
Girl stop...just stop
Baby when you kissed my lips, I said
Right now...Right nowRepeat chorus 3x
