

# Summer Running

Billy Idol

We spent the summer running  
Scared of what they might do  
After we spent the winter crying  
In the mist we came all unglued  
Sometimes back to school  
It seems so sad  
And nothings new  
Until I spent the summer running  
Just we two  
Just we two I followed you to Zion  
The four corners and the redwoods too  
The Mesa in Arizona  
The Grand Canyon and Las Vegas too  
All the bad-brained people  
One of these days we'll run over you  
And spend the summer running  
Just we two  
Just we two I don't walk  
I run  
Riding into the sun  
On my motorcycle  
We can just blow  
I don't know  
What's ahead  
We don't talk of the dead  
On my motorcycle  
Come on let's go Cos there's always  
There's always  
The world you know  
The world you know Well I wear a grim  
Smile day after day, baby  
As I'm working into our future Oh yeah And I take a quick drink  
In a world that stinks, baby  
Cos I'm standing up against the furies Oh yeah I can escape  
I've got a Batman's cape  
And I can cover myself, and baby  
Yes I'm flying  
I'm flying  
I'm flying tonight Oh yeah Just we two

Running down the highway  
Smiling at the problems  
Cos there's always  
There's always  
The world you know  
The world you know We spent the summer running  
Just we two  
Just we two  
Just we two
