

# Race Against Time

GBH

Go!Yeah, life machine from the day we're born  
Didn't realize it was just our dawn  
By the media we've been accepted  
In reality still rejectedSay from start and it won't last  
Now that's all in the past  
Never admit to being wrong  
Five years on, we're going strongGiven a year to pack it up  
Take the taking, run and hide  
Said, "Race against time"  
Thought it was clever  
Time is immortal and we're foreverSay from start and it won't last  
Now that's all in the past  
Never admit to being wrong  
Five years on, we're going strongSo five years on and we should be dead  
New ideas, same old head  
Don't need help, don't need a tutor  
You're our past and we're your futureSay from start but it won't last  
Now that's all in the past  
Never admit to being wrong  
Five years on, we're going strongIt's a race against time, but whose racing ?  
It's a race against time, but whose racing ?  
It's a race against time, but whose racing ?  
It's a race against time, but whose racing ?We've already won  
Bye, bye
