

Legions of Hell

[Axel Rudi Pell](#)

From the distance came the thunder
And took their breath away
Eternal lights forever
The price they had to payThe storm of death is comin'
Through the wind and rain
The midnight bell is tolling
The mob is on it's wayNo one dared to stand in their way
Or else they had to payThey don't know
They don't know
They're the legions of hell
They don't know
Where to go
When they're casting the spellEchoes in the darkness
Which are hiding from the light
Wheels of time keep turning
The moon ain't shining brightBlack sun on the horizon
The air turned to dust
Rules made from evil
And the water turned to bloodNo one dared to stand in their way
Or else they had to payThey don't know
They don't know
They're the legions of hell
They don't know
Where to go
When they're casting the spellThey don't know
They don't know
They're the legions of hell
They don't know
Where to go
When they're casting the spellThe forces of hell,
Infernal lights, demonic nightsThey don't know
They don't know
They're the legions of hell
They don't know
Where to go
When they're casting the spellThey don't know
They don't know
They're the legions of hell
They don't know

Where to go
When they're casting the spell We are the legion, the legions of hell
When they're casting the spell
I wish you well
From the distance from far away they had to pay
I wish you well
That's why they are the legions of hell
