

Slater

Tyler, The Creator Feat. Frank Ocean

Me and Slater just hit a curb,
Bunny hop, zoning out, listening to N.E.R.D.
Made a couple thousands turds spitting written verbs
Shit, now I kick it in the 'burbs Me? I'm from the slums, niggas who pushing tons
Tons of drugs, Foul flow dirty mouth like kissing bums
Momma done made her one, a witty son
With no respect for women so-so, show me your titties hun
"You eighteen?", Me? I'm twenty something
Okay I'm twenty, but I'm soon to be twenty-one
I wild out at shows, break shit it should be fun
Venues are like pussy with me, "Should he cum?"
I'mma wax that like the chapstick in my backpack, for my black lips
Then dip to Europe and come back with a stack of cheese
A stack of cheese for these rats, Mac and Cheese
New Preme shit got me feeling flyer than a bag of bees
Fuck critics, (How's your dick?), "Shit, How's your knees?"
Y'all on my dick more than my index when I take a pee
Came up with "Rella", ain't touch a bag of weed
Shit was dooper than, Whitney Houston's needs
Golf Wang, that's the team to be, "Aye!", getting TU, OF, indeed
We was missing Sweatshirt like, where's the hooded sleeve
Okay, nevermind, we found him Me and Slater just hit a curb,
Bunny hop, zoning out, listening to N.E.R.D.
Made a couple thousands turds spitting written verbs
Shit, now I kick it in the 'burbs Guess I win, checks started cashing in,
I stopped rapping and started asking "Where my fucking passion is?",
Probably where that faggot went (Who?), Tyler talking father problems,
Shocky shit he spit to popping topics in a gossip column,
I ain't ask for this, I did it out of boredom,
Thought that roach was cool, he died and pushed me into stardom,
Now Ye's PJ sippin leche, Chips Ahoy! boy, listening to Cowboy,
Aye boy, land in Melbourne and skate to Fitzroy (Aye!),
AUS was AWES, I enjoyed, boy, y'all niggas played as a tot's toy,
Have a good day as I annoy, oi. Me and Slater just hit a curb,
Bunny hop, zoning out, listening to N.E.R.D.
Made a couple thousands turds spitting written verbs
Shit, now I kick it in the 'burbs Cameras with panorama's views
My shoes have seen more vans than Mexicanas with crackers in Alabama
G-O-to the-L-F, this O-F, I open a store so I don't stress

But nigga I, (What?), mosh in gardens, jazz punk shit
Playing chords, making up shit, pardon my Dolly Parton's
And I keep sharting, hoodies with rectangles and different colors
Niggers think I started kindergarten[Interlude: Frank Ocean, Tyler, the Creator]

My bitch is on my handle bars

(I just wanna ride my bike)

Slater, Slater, Slater, Slater

My bitch is on my handle bars

Hair blowing in the wind

Her freckles look like candy bars

Hair blowing in the windMy bitch is on my handle bars

(I just wanna ride my bike)

Slater, Slater, Slater, Slater

My bitch is on my handle bars

Hair blowing in the wind

Her freckles look like candy bars

My cool summer never endsSlater, Slater, Slater, SlaterOh my God, seriously? Mister cool guy
