

Rest Of My Life (demo)

[Rilo Kiley](#)

There are worse ways for
a guy to spend his time
than to sit and think of you
i think i'd marry you
just your smile
leaves me satisfied
though you're not mine
So for the rest of my life
i'm gonna search
for someone just like you
And we tend the garden
all day long

watching history unfold
and i'd be enough
and you'd be enough
and we'd grow old
So for the rest of my life
i'm gonna search
for someone just like you
For the rest of my life
i'm gonna search
for someone just like you
Yeah, for the rest of my life
i'm gonna search
for someone just like you
