Killing Floor

Jimi Hendrix

YeahHey, I should've quit you a long time ago
I should've quit you baby a long time ago
I should've quit you pretty baby
Went on down to MexicoIf I don't fallow, yeah my first mind
If I don't fallow pretty baby my first mind, what I said
I would have been gone
Since my first time, heyLord knows baby, I should've been gone
Lord knows baby, I should've been gone
I guess I'll mess around here cryin'
Crin' on a killin' floor, what I said now babyLord knows baby, I should've been gone
Lord knows baby, I should've been gone
I guess I'll sit around here cryin'
Crin' on a killin' floor, look out one more time now
