

(It's A) Departure

The Long Winters

It's familiar, but not too familiar
But not too not familiar
It's a new craze

Hey good girls, do you wanna?
Just say, "Hey I wanna"
Just say, "Hey I wanna"

It's a departure
(It's a departure)
It's a departure
(It's a departure)

It's a departure
(It's a departure)
It's a departure
(It's a departure)
It's a new craze

Hey good girls, do you wanna?
Just say, "Hey I wanna"
Just say, "Hey I wanna"

I like the old days, but not all the old days
Only the good old days
It's a new craze

Hey good girls, do you wanna?
Just say, "Hey I wanna"
Just say, "Hey I wanna"

Hey good girls, do you wanna?
Just say, "Hey I wanna"
Just say, "Hey I wanna"
Just say

Hey good girls, do you wanna?
Just say, "Hey I wanna"
