

# Alright, Yea

## Eitch

Alright? Yea.

Alright? Yea.I'm a little scared about this one  
you only get one try.You get lost in the mix in the bowl  
it keeps mixing all the time.Alright? Yea.

Alright? Yea.you saw me fall in love  
you saw me fall apart.you saw tumble down  
spinning round and round.you saw me glow in the dark  
you saw me go in and out.you saw me through the walls  
and the cracks I spilled out of.Alright? Yea.

Alright? Yea.On the floor, scoop me up, scoot me over, roll me up //  
call me out, call me out. calm me down, calm me down.I see you going the mile. I see you going on  
trial.Alright? Yea.

Alright? Yea.
