Forming / Hot Chocolate Boy

Hole

He is always waiting
Gotta make a move to tell her
Hot chocolate boy
He's never met one
Hot chocolate wet one
Hot chocolate boy
Deep, sweet and bitter
Spoon out of place for breakfast
Hot chocolate boy
Hot, frosty, creamy
He was only dreaming
Hold me down, hold me up

Tell them that I'm your gun
Pull my trigger
I'm bigger than, I'm bigger than you
Tell them what it means to be on top
Pull them down, hold me up
Tell them that I'm your gun
Pull my trigger, I'm bigger than
I'm bigger than, I'm bigger than
