

# My Mother's Locked Out of the House

## Fatcat & Fishface

My mother's locked out of the house  
I have locked her outside  
She's yelling and screaming and stamping her feet  
With a murderous look in her eye

My mother's locked out of the house  
I won't let her back in  
She's causing a riot  
Until she is quiet  
My mother's locked out of the house.

My mother's locked out of the house,  
I have told her before  
She's raising her voice so she gives me no choice  
She can bang all she likes on the door  
My mother's locked out of the house  
I have put my foot down  
She's got to remember to cool her hot temper  
My mother's locked out of the house

Let me in  
Let me in  
Or I'll make such a fuss from the Bluff to Levin  
Levin, Levin, lovely Levin

My mother's locked out of the house  
I have got the spare key  
Her awful behaviour has upset the neighbours  
She doesn't look sorry to me

My mother's locked out of the house  
I am counting to three  
She hasn't stopped shouting  
So she's still time-outing  
My mother's locked out of the house

My mother's locked out of the house
