

Riverwide

The Rockfords

Riverwide, river deep
You're always calling me to go
Guess I'll maybe build a boat?
I think I know

Out of the sky onto the sea
Outside the rain and down again
Guess I'll maybe understand?
I think I am

Never push the river
You can hold the river down
Push the river for all your worth
Take a turn and run it 'round

Why so unforgiving?
River

Climbing clouds up from the trees
I wanna bring the stars into me
Then I'll have to let them go
I think I know

Never push the river
You can hold the river down
Push the river for all your worth
Take a turn and run it 'round

Why so unforgiving?
River
