

Head On

Urge Overkill

She hit head on
Couldn't stop the car
She hit straight on
Didn't get too farShe wasn't happy in Minneapolis
In really no place, the wheels iced a turn
And she hit head on
Lisa got hit head, head onShe hit head on
Couldn't stop the car
She hit straight on
Didn't get too farShe wasn't happy in Minneapolis
In really no place, her wheels iced a turn
But she hit head on
Lisa got hit head, head on
