The Other Side (VIP Mix)

Pendulum

Come on down to the other side
Come with us through the gates of hell
Where we'll drag you from where you are
To where you belongCome on down to the other side
Come with us through the gates of hell
Where we'll drag you from where you are
To where you belongThere's nothing to fear
Your saviors are here
The ship is coming down
The ship is coming down
The ship is coming down
Coming down
Coming downYou, you look so precious
A diamond in the rough
And though you tried to escape
I'll be holding on
Holding on
Holding on
Holding onBut I can't sleep until this is done
They're in my head
They're in my soulCome on down to the other side
Come with us through the gates of hell
Where we'll drag you from where you are to where you belongCome on down to the other side
Come with us through the gates of hell
Where we'll drag you from where you are to where you belongWe are in your spirit
We're everywhere you turn
From the cover to the cover
The cover to the cover
To your lover
To your brother
To your mother
To the othersYou, You look so precious
But now you've gone away
And I am falling apart
Under the waves
The waves
The waves
The wavesBut I can't sleep until this is done
They're in my head

They're in my soulThrough the gates of hell
We know youThe ship is coming down
The ship is coming down
The ship is coming down
The ship is coming down
Coming down
Coming down
Coming down
Coming down
Coming down
Coming down
Coming down
ComingDown to the other side
Come with us through the gates of hell
Where we'll drag you from where you are to where you belongCome on down to the other side
Come with us through the gates of hell
Where we'll drag you from where you are to where you belong
