

# Great Trip

## The Naked Brothers Band

On the way to JFK  
Before I get on the plane  
12 hours with David Julian Levi  
Woke up to water slides  
Woke up to giant pools  
Woke up to nachos in the morning  
(Chorus)  
great-great-greatgreat-great-great-greatgreat trip  
great-great-greatgreat-great-great-greatgreat trip  
Love is in the air  
Gel is in our hair  
Shades strapped around our temples  
Faced all the screaming girls  
Are you a famous rock 'n' roll band?  
(Chorus)

great-great-greatgreat-great-great-greatgreat trip  
great-great-greatgreat-great-great-greatgreat trip  
great-great-greatgreat-great-great-greatgreat trip  
great-great-greatgreat-great-great-greatgreat trip  
(Bridge)

I've never had so much fun  
I've never felt so much joy  
This is the time of our lives  
Unpacked our suitcases  
And slept in our own beds  
Dreamed of paradise and love  
(Chorus)

great-great-greatgreat-great-great-greatgreat trip  
great-great-greatgreat-great-great-greatgreat trip  
great-great-greatgreat-great-great-greatgreat trip  
great-great-greatgreat-great-great-greatgreat trip
