

Can't Stop

Infected Mushroom

And i cant stop thinking about moments that i lost for you.
and i cant stop thinking about things i used to do.
and i cant stop making bad decisions
and i cant stop eating stuff you make chew
i put on a smile that you wann'a see
another day goes by that i loan to be like you.

x2

and i cant stop making bad decisions
and i cant stop eating stuff you make chew
i put on a smile that you wann'a see
another day goes by that i loan to be like you.
and i cant stop , cant stop... making
cant stop, cant stop
cant stop, cant stop shaking
cant stop, cant stop,

cant stop x100

And i cant stop thinking about moments that i lost for you.
and i cant stop thinking about things i used to do.
and i cant stop making bad decisions
and i cant stop eating stuff you make chew
i put on a smile that you wann'a see
another day goes by that i loan to be like you.
i want to be like you.

x2

and i cant stop , cant stop... making
cant stop, cant stop
cant stop, cant stop shaking
cant stop cant stop,
and i cant stoppppp
