

Gimme More (feat. Charlie B) [Radio Edit]

Jebb Stefano & Ermac

When the light turns off, black is the only colour
When the light turns off, I'm begging you for more
So my agonal let your dark side explode
Gimme moreee
Gimme moreee

When the light turns off, I wanna be right next to you
When the light turns off, can't stand away a tun from you
X2

Gimme moreee ... Gimme moreee

When the light turns off ...
When the light turns off, I'm begging you for more
So My agonal let your dark side explode
Gimme me more ... Gimme me more.

When the light turns off, I wanna be right next to you
When the light turns off, can't stand away a tun from you
X2

Gimme me more... Gimme me more
Gimme, gimme more x2
