

Being Followed

Rocket Science

I'm being followed by someone I don't know
He's in the shadows, I see him below
He's got weird eyes, you know, he looks like a freak
He's a man I would lot like to meetI've got these tingles up and down my spine
I feel his stare, he's right behind
I turn 'round fast just to see him clear
but all I find is the shadowy airHe's in my mind, didn't do no crime
He wants to bring me down just for being the clown
You know he walks right behind, he only talks in rhyme
He's really got me down, now that I've been found
He's my shadow man
Shadow man, shadow man, shadow manI'm being followed by someone with a smile
He sneered at me back over half a mile
He's pigeon-toed, you know, he walks with a limp
I fear the worst, I can sense his gripHe's moving in so now I have to run
His icy eyes cut through me like a gun
I shed a tear as his hand meets my neck
I turn the corner, I'm away to the left
He's in my mind, didn't do no crime
He wants to bring me down just for being the clown
You know he walks right behind, he only talks in rhyme
He's really got me down, now that I've been foundHe's my shadow man
Shadow man, shadow man, shadow manOh, c'mon!
