I Still Get Up

Coral Egan

I am a mountain climber
Who's lost her nerve
Just to ? trouble way
But the load I carry
Won't lighten lightly
You're my pack alwaysSo I still get up
Ohhh I still get up todayPlease, for a spell
Let me forget the pain we each must build
Each our precious burdens cannot compare
Cuz yours would far outweighSo I still get up
Ohhh I still get up (x4)
Oh I still get up today
