The Calling (feat. Ivy Mairi)

Rene LaVice

Green sky
City lights
Like hands
Gripped tight
Waves crash
Blank shore
And rain was falling
And sun was rising

My heart keeps calling
Like memories falling
My heart keeps calling
As the waves crash and fold in two

Into you
Never thought I'd feel this way again
Never thought I'd see the tide rolling in
Feel it on my skin, rolling in

Waves crash
As my heart splits
As the waves crash
As my heart splits
Into two, once
Into you as
As the waves crash
As the waves crash
As the waves
