Shut Up

Nick Lachey

Oh, oh, oh
Shut UpYou say you want me
That you hate me
Try to love me want to break me
Guess I'm sleeping on the couch again
You say no, when you mean yes
Is this a game some kind of test
Now why can't we just
Turn out the light
Forget how to fight
Cause we got tonightCause,
When we take our clothes off
Don't you know the world stops
When we touch, when we kiss
When we shut up for a moment
We are minded by the one thing
You on me or nothing
When we touch, when we kiss,
When we shut up
Don't say anything at allYou throw a glass straight at my head
Swear up and down you want me dead
I guess love is in the air tonight
You bite my neck, I pull your hair
Next thing we know, no underwear
Now why can't we just
Turn out the light, forget how to fight
Cause we got tonightCause,
When we take our clothes off
Don't you know the world stops
When we touch, when we kiss
When we shut up for a moment (Turn out the light)
We are minded by the one thing (Forget how to fight)
You on me or nothing (We got tonight)
When we touch, when we kiss,
When we shut up
And it just had to be you
When we take our clothes off
Don't you know the world stops
When we touch, when we kiss

When we shut up for a moment (And it just had to be you)
We are minded by the one thing
You on me or nothing
When we touch, when we kiss,
When we shut up (Shut up, shut up, shut up)
Don't say anything at allUse your tongue to wet your lips
Touch them with your fingertips
Don't say nothing else
Shut up, shut up, shut up, shut up
Only want to hear your breath
Your sigh, your scream, you're nothing less
Don't say nothing else
Shut up, shut up, shut up, shut up
Shut upWhen we take our clothes off
Don't you know the world stops
When we touch, when we kiss
When we shut up for a moment (Turn out the light)
We are minded by the one thing (Forget how to fight)
You on me or nothing (We got tonight)
When we touch, when we kiss,
When we shut up
And it just had to be you
When we take our clothes off
Don't you know the world stops
When we touch, when we kiss
When we shut up for a moment (Just shut up, shut up, shut up)
We are minded by the one thing
You on me or nothing
When we touch, when we kiss,
When we shut up (Shut up, shut up, shut up)
Don't say anything at all
