

Ten 13

Sammy Hagar

Im about to throw a party
And everyones invited
You can dress the way you want to
Now, come on get what youre here for Lets celebrate but dont be late
For this annual celebration
Its a call across the nation
Come on, dont be late Well, dont worry 'bout mama
Just say como se nada
Time flies by so quickly
Yet nothing ever changes Lets celebrate and dont be late
Well, its a good excuse to party
Now, come on
Lets get everything started Happy birthday to you
Happy birthday to you
Its your first day now youre brand new
So happy birthday to you Yeah listen, now were gonna throw a party
Yeah, were gonna have a party Lets celebrate but dont be late
For this annual celebration
Come all across the nation Dont be late
We got a very special day here
Now come on
Get what youre here for Happy birthday to you
Happy birthday to you
Its your first day now youre brand new
Happy birthday to you Now were gonna have a party
Now were gonna have a party
Now were gonna have a party
Now were gonna have a party Lets celebrate, get it up Happy birthday to you
Happy birthday to you
Its your first day now youre brand new
So happy birthday to you Now were gonna have a party
Now were gonna have a party
Now were gonna have a party
Now were gonna have a party Happy birthday to you
Happy birthday to you, yeah
