

Moon Rising

RollerBlue

Moon rising, cycle tuning
Need to move now, cos I'm burnin'
Gotta run now, cos I'm a cheater
See me run now, cos I've got no fear
Moon rising cycle turning
Must be Jupiter, cos I'm flyin'
Journey's startin', another endin'
Hit the road now, pattern bendin' Chorus
One more song, one more time
You and me I thought we'd rhyme
But one more time, you'd play my heart
One more song, one more time
You and me I thought we'd rhyme
One more time Moon rising, cycle tuning
Need to move now, cos I'm burnin'
Gotta run now, cos I'm a cheater
See me run now, cos I've got no fear Chorus Don't let the bugs in
Don't let the dogs out
Don't go screamin, into the night
Don't let the bugs in
Don't let the dogs out
They're out to get you
No I don't think so Don't let the bugs in
Don't let the dogs out
Don't go screamin' into the night Chorus
