

Sirens

Madrugada

Well hearts belong
Like rock and skin
At peace with evil
And all within
A shadow looms above the river
And fire sweeps across the land
Our bones are twisted in their sockets
And even we must try to stand alone
Right here alone yeah
Fire in wirk beneath your skin
Forever let us sleep
'Till sirens tear the night wide open
And even we awake, love
Oh listen
The world is awake
Oh, it's time for the tellers to rise
And the blood of the anciestHeeey alone... alone... alone... alone
Hear my ban with evil
And alone
Right here alone, yeah
Alone
Alone, yeah
Lone, lone lone
