

# Sea of Love

## Newsboys

All these emotions I go through  
I am so in love with you  
True love has caught my heart  
Girl, it's more than a feeling True love has come, woah, oh, and swept me away  
The big sea of love, we're together forever  
You have my heart, you touch me each day  
You are daughter of Sarah I never knew why God blessed me  
With a woman like you  
But now I know His hand's on me  
And He knew I needed you True love has come, woah, oh, and swept me away  
The big sea of love, we're together forever  
You have my heart, you touch me each day  
You are daughter of Sarah
