

Fool's Gold

Kestin Howard

I heard you saying, the other day
That you will love me til you die
Holding you near, it seemed so clear
That this love was meant to be
Like a spark that keeps on burning
Till it flames out of control
She was holding onto both of us,
Now she has to let one go
I didn't wanna let you go

But this isn't what I thought it would be
Wanted one, add up to two not three
And as this love we're in spins out of control
I'll keep holding on forever,
While this love turns gold,
Holding fool's gold

Walking in the rain
Drowning the pain
Dark clouds ahead are all I see
Want to believe, try to conceive
How you could ever turn to him
He's probably holding you tonight
While I'm waiting by the phone
And as I'm getting out of these wet clothes,
I'm chilled right to the bone
I didn't want to say goodbye

But this isn't what I thought it would be
Wanted one, add up to two not three
And as this love we're in spins out of control
I'll keep holding on forever
While this love turns gold
Holding fool's gold

But this isn't what I thought it would be
Wanted one, add up to two not three
And as this love we're in spins out of control
I'll keep holding on forever
While this love turns gold

Holding fool's gold

Holding fool's gold x2
