NO TIME TO LOSE

MELANGLOOMY

No time to lose
My man is coming in today
No time to lose
I know he must be on his way
No time to lose
I wanna look just right for him
No time to lose
Tonight will be the night for him
My man is big and strong
And not the shyest one
When he gets hold of me
We're having lots of fun
There's no denying
He sends me flying
He does so much for me
Yes sirre, yes sirre
Got the touch for me
No time to lose
My man is clear and free again
No time to lose
And so it's him and me again
No time to lose
I'm gonna do the dressing up
No time to lose

So he can do the messin' up
He won't be knocking
He'll come on rocking
Though he'll be really wild
He such a honey child
There's no denyin'
He sends me flyin'
He does so much for me
Yes sirre, yes sirre
Got the touch for me
No time to lose
I got myself a winner now
No time to lose
No longer he's a sinner now

No time to lose
There'll be some heavy lovin' soon
No time to lose
It's almost like an honeymoon
No time to lose
No time to lose
No time to lose
No time to lose
