

Oh No Not My Baby

[Aretha Franklin](#)

(Squeeze me baby).When my friends told me you had someone new;
I didn't believe a single word was true.
Showed them all, I had faith in you
I kept on saying:Oh no not my baby
Oh no not my sweet baby
He's not like those other guys, who lead you on, and tell you lies.My mama told me when rumours spread;
there's truth somewhere and i should use my head.
But I didn't listen, to what she said
I stood right there and I kept on saying:oh no not my baby
oh no not my sweet baby
Cause he's not like those other boys, who play with hearts like they were a toy.He might have had a last minute
fling,
but I'm so sure, it didn't mean a thing.
Cause yesterday he gave me a ring
and now I'm so glad that I kept on saying:Oh no not my baby
No oh no not my sweet baby
He's not like those other guys, who lead you on, and tell you lies.Oh no not my baby
Oh no not my sweet baby
Oh oh not my baby
Oh not my sweet baby
