The Rutles

Look at all the nice things money can buy
Every day there's more and more
Do you ever stop and wonder why
You're neither rich nor poorEine kleine middle klasse musikDropping off the school kids in the second car
Parking on the yellow line
Getting in the shopping on a credit card
Knowing how to choose a wineEine kleine middle klasse musikProud of your home and your neighborhood
It's so up and coming that you feel so goodThis is freedom in a land of plenty
You get nowhere if you just stand still
You got to hold on to what you got as best you can
'Cause if you don't someone else willLook at all the nice things money can buy
Every day there's more and more
Do you ever stop and wonder why
You need to lock your doorLoneliness is all that people ever share
Smuggling their pain through nothing to declare
Living next to people who agree to disagree
Happy in a pie-chart societyEine kleine middle klasse musik
