Cold and Damp

Rivers Cuomo

Though the air is cold and damp
Yet still you want to go
And it's hard to celebrate
So far away from home
Gotta spend my days with you
Gonna make your dreams come true
But the air is cold and damp
Yet still you want to goYour friends are laughing at you
They can keep you here
Your family hates the thought of
Baby dissappearin'Gotta spend my days with you
Gonna make your dreams come true
But the air is cold and damp
Yet still you want to go
Making love at the eddy
Say goodbye to every day
So in love in emotion
Satisfied in every wayGotta spend my days with you
Gonna make your dreams come true
But the air is cold and damp
Yet still you want to go
Making love at the eddy
Say goodbye to every day
So in love in emotion
Satisfied in every wayThough the air is cold and damp
Yet still you want to go
Though the air is cold and damp
Yet still you want to go
Though the air is cold and damp
Yet still you want to go
