

Where Is She

Donovan

Springtime for me has gone
Where is she?
Waking in the blue dawn
Where is she?Someday I'll say to her
I am here
Smiling her words will be
I am cheerI know she'll wait for me
Well, I know she'll wait for me
To come to herSpringtime for me has gone
Where is she?
Waking in the blue dawn
Where is she?Lazy adorn and adorn
She will be
Drowsy sleepy with blue
I am hereI know she'll wait for me
Well, I know she'll wait for me
To come to her
