Ribs And Whiskey

Widespread Panic

Seen your sister naked
Ain't nothin I tried to see
I just seen somebody pool there
Ain't nothin I tried to seeWell, I hope it's not hunt day
And I hope it's not your daddy's shootin' dayRibs and whiskey makin my mind feel tight
Whiskey makin my body feel hot
You won't believe, my love
I'm gonna find new ways to spend my nightI've seen your sister naked
Ain't nothin I tried to see
I just seen somebody pool there
Ain't nothin I tried to seeI hope it's not hunt day
I hope it's not your daddy's shootin' dayRibs and whiskey makin my mind feel tight
Whiskey makin my body feel hot
You won't believe, my love
I'm gonna find new ways to spend the nightYou won't believe, my love
I'm gonna find new ways to spend the night
You won't believe, my love
I'm gonna find new ways to spend my nightYou won't believe, my love
I'm gonna find new ways to spend my night
