

# Gypsy Child

Lindi Ortega

When I was just a little girl  
i had the biggest dreams  
took me from Toronto  
All the way to tennessee  
daddy's aid to sing it loud  
go on and make your momma proud  
he what your ment to bewhen I bust out of my cage  
boy you should have seen me fly  
i ain't into keepin secrets  
and watchin life go by  
I got the whole world at my feet  
i skipped along to my own beet  
that's just how I surviveI'm a gypsy child  
that's what my mamma called me  
I'm a gypsy child  
just a wandering free  
traveling and singing songs  
skipping out but not for long  
gypsy childmomma says she misses me  
she's sad to see me go  
when I make it back to town  
shes always at the show  
she knows just what I have to do  
the gypsy life means passing threw  
I love the open roadI'm a gypsy child  
that's what my mamma called me  
I'm a gypsy child  
just a wandering free  
traveling and singing songs  
skipping out but not for long  
gypsy childAll the world is a stage today  
I'll be singing till the day I dieI'm a gypsy child  
that's what my mamma called me  
I'm a gypsy child  
just a wandering free  
traveling and singing songs  
skipping out but not for long  
gypsy childI'm a gypsy child  
just a wandering free

traveling and singing songs  
skipping out but not for long  
gypsy child
