

# No Apologies (feat. Raekwon)

## Planet Asia

Hey, aha!  
This is that fly shit, you know what Im saying?  
..rap dynasty  
Champion belt holders ..did it without a hand  
I still remain polo printed  
Speaking of the golden regard, you know we was.  
My own flex is like in artifacts.  
A bunch of but still you ride with acting like youre out of your mind  
Thats the uncle Thomas behavior and furthermore, my niggers aint rolling  
So if you see us, niggers should slide  
I rode with maniacs, brainiacs.  
Think about Gucci, that shit is in all that.  
For now Im in the Philippines  
Be back to the block soon  
Thats the type of shit Im talking about.  
The tourists coming soon, for now were in the streets  
Eating up prepare to go to war Lil brother, whats the sign?  
You could come to the yard,  
I got you in the hood, do whatever  
We made you fly niggers is nothing  
Press a button, watch me  
Im all on your bead like youre dead  
word to my mother, this is legend, a star, homie!  
try to stay on point like  
Dont ever underestimate the competition, this is important!  
Im your brother doing my way, the dumb way, Yves Saint Laurent way  
Gimmie your palm, the fire warm!..on the low the big shit  
the homies to analyze, watching me  
This is my play house  
My shit banging in your head like.. your crap  
yeah, like seven in the.. square  
Its the only hustle we with no apologies
