I Won't Stop

New Hero

I won't stop
I can't stop
It's always been about you
In my head
In my heart
It's always been about you

If you give me one more chance
I promise I can make it right
Lately I've been drinking too much
I think I might be losing touch

Heard you with those other friends
At least that's what I'm getting told
Why'd you have to be so cold
girl this story's getting old
Why'd you have to be so cold

Tell me what you want me to do,
Anything to be with you

I won't stop
I can't stop
It's always been about you
In my head
In my heart
It's always been about you

I won't stop
I won't stop
It's always been about you
In my head
In my heart
It's always been about you

No, don't you let go, oh x 4

If you give me one more chance
I promise I can make it right
Lately I've been drinking too much

I think I might be losing touch

Heard you with those other friends
At least that's what I'm getting told
Why'd you have to be so cold
girl, this story's getting old
Why'd you have to be so cold

Tell me what you want me to do
Anything to be with you
Tell me what you want me to say

I won't stop
I won't stop
It's always been about you
And in my head
In my heart
It's always been about you

I won't stop
I won't stop
It's always been about you
In my head
In my heart
It's always been about you

No, don't you let go, oh x 6
