

# Readings In Astrology (Demo Version)

## Curtis Mayfield

Readings in astrology  
Never meant that much to me  
The woman I thought was just so  
She now tells me we ain't compatible  
She said see look right here on the paper  
You should be lovin' your neighbor  
Lovin' my neighbor is out of sight  
But I'm your man and I'm just trying to do right But I can see there's some trouble coming  
Right here with this funky woman  
But now the thoughts she had for me  
Like I see is gone to some astrology Well baby I can see your plan  
You better wake up before its too late  
straighten up and make up your mind  
Or you'll need a horoscope to  
Find another love sign Readings in astrology  
Never meant that much to me  
The woman I thought was just so  
She now tells me we ain't compatible  
Said see look right here on the paper  
You should be loving your neighbor  
Loving my neighbor is out of sight  
But I'm your man and  
I'm just trying to do right  
Owwwwwwwwwwwwwww!
