

# Accidental Happiness

## Ida Maria

Do you know you're precious like spring?  
(Tin-tingling, tingling)  
I've been having nightmares  
(Tin-tingling, tingling)  
It's my heart desire  
(Tin-tingling, tin tin) Doctor, doctor  
Please prescribe me just a helping hand  
Doctor, doctor  
My limbs linger  
Sold off to another man You came to me in a fever dream  
(Tin-tingling, tingling)  
Now we're stuck like super glue  
(Tin-tingling, tin tin) I can't take this to the grave  
Why, oh, why should I behave  
I just found a treasure  
It's a accidental happiness Oh no!  
No, I'm not gonna sit and cry (x2) Tin-tingling, tingling (x2)  
Tin-tingling, tin tin
