

# Nevermind Me

## The Mighty Mighty Bosstones

What is this game we're playing?  
Should I stick around for more?  
Snap your fingers I'll come running  
Leave again when you're bored with me  
I'll make it easy Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me  
My God I feel so small  
Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me I'll let myself out. This facade that I'm stuck with has got me wondering Just tell  
me how you want me and  
I'll be naked stumbling just to get a reaction  
Any signs of love Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me  
My God I feel so small  
Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me I'll let myself out. Bottle up your smile  
Pour it in a cup  
I'll be on my way once I've sobered up Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me  
My God I feel so small  
Nevermind me, nevermind me  
I'll just cast shadows on your walls  
Nevermind me, nevermind me I'll let myself out.
