

Ride It

Geri Halliwell

I'll be riding it
I'll be riding it Wanna make some music
To take me in and out of my head
Get into my groove
In time with my body instead And when the bass kicks in
I can feel my song beginning
Boy, your lovin' gets me high
'Cause you're the only one
Who can pump it loud the way I like You're a DJ, I'm a song
Take me out and turn me on
Let yourself go
Ah, you're riding it Chicas bumping to the beat
From the side and underneath
Yeah, my body's where this party's at
I'll be riding it When you're spinning in
I'll be riding it He's a little rude and nasty
His tempo is an overload
He gets jiggy with it here
But all I wanna do is vogue And when the bass kicks in
I can dance like no one's watching
It's a funny kind of feeling
'Cause you're the only one
Who can pump it loud the way I like You're a DJ, I'm a song
Take me out and turn me on
Let yourself go
I'll be riding it Chicas bumping to the beat
From the side and underneath
Yeah, my body's where this party's at
I'll be riding it When you're spinning in
I'll be riding it
When you're spinning in
I'll be riding it And when the bass kicks in
I can dance like no one's watching
It's a funny kind of feeling
'Cause you're the only one
Who can pump it loud the way I li-li-like You're a DJ, I'm a song
Take me out and turn me on
Let yourself go
I'll be riding it Chicas bumping to the beat

From the side and underneath
Yeah, my body's where this party's at
I'll be riding it You're a DJ I'm a song
Take me out and turn me on When you're spinning in
I'll be riding it Chicas bumping to the beat
From the side and underneath
Turn me on When you're spinning in
I'll be riding it
When you're spinning in
I'll be riding it When you're spinning in
I'll be riding it I'll be riding it
