

# Mister

## Young Thug

Mister

Hey Mister

Mister I don't give no fuck about you

Just make sure you ball me mister

Hundred thousand dancers in my house

Just make sure you ball me mister

I live my life just like a mister

I fuck these hoes just like a mister

I treat your bitch like they no mister

I live my life just like a mister

Thugga Thugga throw a hundred bands off in a day

Thugga Thugga throw a hundred bands on anybody

Fuck niggas know we got them bodies

Fuck nigga slimin' is a habit

Throw them bands rack-cakes turn to flipper

Thugga goin' crazy shootin' missiles

(Blahh blahh) Man down, stand down

Wassup, young round, you slime? Hands down!

I cash out so fast and I head straight to any town

Young Thugger, Young Thugger got Migos with 40 pounds

I told my young vato he shoot up, you goin' down

Mister, Mister, Mister, Mister, lay it down

I don't give no fuck about you

Just make sure you ball me mister

Hundred thousand dancers in my house

Just make sure you ball me mister

I live my life just like a mister

I fuck these hoes just like a mister

I treat your bitch like they no mister

I live my life just like a mister All the hoes they know my name, but you gotta call me mister

I'm workin' ho right on my Insta, [?] got work off Insta

Thugger droppin' bombs, and I'm letting off the missile

Thugger baby don't miss 'em, probably fuck a friend of her sister

Young nigga you better listen, my money claimed by my position

So many claim that they ball, when they ain't even Scottie Pippen

They name my bank roll "David Blaine", 'cause my shit a magician

This shit just start doin' tricks, [?] how it just start flippin'

Yeah I might spend my money on my bitch, but that don't mean that I'm shrinkin'

And it's something I'm sipping Moet, but that don't mean that I'm trippin'

A lot of my woes is Blood, the rest of my niggas is Crip  
They gives no fuck about your position, so make sure you call me misterI don't give no fuck about you  
Just make sure you ball me mister  
Hundred thousand dancers in my house  
Just make sure you ball me mister  
I live my life just like a mister  
I fuck these hoes just like a mister  
I treat your bitch like they no mister  
I live my life just like a mister
