

10 Miles Wide (featuring Josh Todd of Buckcherry)

Escape the Fate

Whoa yeah You say you're getting close to a last chance of suicide
Tearing at your throat you won't let it die
Left me here for all these days and ripped apart my pride Take my place and look inside I'm trying to find a place
To hide, hide
Lost my faith but don't you cry
I got a hole inside and it's ten miles wide
Yeah alright Living on the coast cocktails and telling lies
Gotta fucking curse that's coming to life
You left me here for all these days and ripped apart my pride Take my place and look inside I'm trying to find a
place
To hide, hide
Lost my faith but don't you cry
I got a hole inside and it's ten miles wide
Yeah alright It's not too late I'm close behind I've gotta get inside your mind mind
Lost my faith but don't you cry
I got a hole inside and it's ten miles wide
Wide [Repeat x7] Take me on I'm feeling in the mood for something dangerous I've found myself again
Take me on I'm feeling in the mood for something dangerous I've found myself again Take my place and look
inside I'm trying to find a place
To hide, hide
Lost my faith but don't you cry
I got a hole inside and it's ten miles wide
Yeah alright Well I lost myself and looked inside it branded me for life
I can't help myself it's mine to hide I got a hole inside
It's feeling ten miles
It's feeling ten miles
It's feeling ten miles wide Ten miles wide [Repeat x3]
