

Bag of Hammers

Local H

You pin me down, you box my ears
I'll get you back, motherfuck, I'm no baby, I'm no baby
I've made a meal, the first course is crow
Choke it down 'cause you suck, I'm no baby, I'm no baby You never said smart was your strong trait
Smart never seemed to be a trait at all
And I never wanted to see you go down
But I must admit that I'd like to see you Fall right back into your tar trap
And bend your back until it fucking snaps
And I never wanted to hurt you that bad
But I must admit that I'd like to see you fall You pin me down, you box my ears
I'll get you back, motherfuck, I'm no baby, I'm no baby
I've made a meal, the first course is crow
Choke it down 'cause you suck, I'm no baby, I'm no baby You never said smart was your strong trait
Smart never seemed to be a trait at all
And I never wanted to see you go down
But I must admit that I'd like to see you Fall right back into your tar trap
And bend your back until it fucking snaps
And I never wanted to hurt you that bad
But I must admit that I'd like to see you fall La la la la
La la la la
La la la la
La la, yeah You pin me down, you box my ears
I'll get you back, motherfuck
You pin me down, you box my ears
I'll get you back, motherfuck
You pin me down, you box my ears
I'll get you back, motherfuck
You pin me down, you box my ears
I'll get you back, motherfuck
