Ordinary Day

DJ RAP

It's just an ordinary day
In these extraordinary times
I think we know we have to change
To live extraordinary lives
Yes we do yes we doA child in a broken door thinks love is all about some war
He sees what you do a man lying on the floor
Arms reaching 'cos he needs much more
He knows you walk throughIt's just an ordinary day
In these extraordinary times
I think we know we should change
To live extraordinary lives
