

# Ordinary Day

**DJ RAP**

It's just an ordinary day  
In these extraordinary times  
I think we know we have to change  
To live extraordinary lives  
Yes we do yes we do A child in a broken door thinks love is all about some war  
He sees what you do a man lying on the floor  
Arms reaching 'cos he needs much more  
He knows you walk through It's just an ordinary day  
In these extraordinary times  
I think we know we should change  
To live extraordinary lives
