Amphetamine

The Distinguished Order of Disobedience

High and mighty, a mortal cut my throat
Sin for the guilty, so let me take you home
Kill your sissies, the morals now in place
Rob your mother, see what i can see!
Ahhhhhhhhhh!!!

I am with you, i will not let you go
I am waiting to be the only thing you know
Forced messiah, no blessing in disguise
Im the one that killed your dreams i live with in your eyes
You are mine!!!
I stole your life!

Lie to me and die for me, im the only thing you want (Amphetamine!)
Kill for me and cry for me, its the way you want to live (On you i feed!)
Lie to me and die for me, im the only thing you want! (Amphetamine!)
Kill for me! Cry for me! Im the only god you need, Amphetamine!

Who's the liar? I bet you think its me
But you are living upon my honesty
You for me now, my sin beyond a prayer
Chopped to peices, im here until the end!
You are mine!!!
I stole your life!

Lie to me and die for me, im the only thing you want (Amphetamine!)
Kill for me and cry for me, its the way you want to live (On you i feed!)
Lie to me! Die for me! Im the only thing you want (Amphetamine!)
Kill for me! Cry for me! Im the only god you need, Amphetamine!!!

Saving races, drowning faces... Made to be alone
All your weakness made you see this
Now its come undone!!!

(?) Unintelligable words

Lie to me and die for me, im the only thing you want (Amphetamine!)
Kill for me and cry for me, its the way you want to live (On you i feed!)
Lie for me! Die for me! Im the only thing you want! (Amphetamine!)

Kill for me! Cry for me! Im the only god you need, Amphetamine!!!
